The Prescott Valley Youth Football & Cheer Association was founded in the spring of 2006. Our goal is to reach the youth of our communities through a positive football and cheer experience while focusing on the character building and ethical aspects of sportsmanship. Prescott Valley Youth Football & Cheer Association was equipped for up to 200 participants and has now far exceeded the anticipated turn out for the inaugural season with over 280 young athletes enrolled.

Running a youth football and cheer program is quite costly. The cost to outfit each football player is around \$175.00 a participant and each cheerleader is around \$150.00 a participant. This cost is just to provide each participant with the equipment required to participate in their sport. There are also costs associated with field usage, referees, national association fees, trophies and much more. In addition to these costs there are the standard costs associated with running a business. With the registration fees being \$125.00 for football and \$90.00 for cheer, you can see how much financial support we need from our community to run a successful program.

In order to meet some of these costly demands we will be conducting a raffle during our Opening Day Jamboree on August 25, 2007. We are asking for any raffle donations such as gift cards, prizes, etc., to help encourage our community to participate. We are a 501(c) (3) Non-Profit Organization and your donations are tax deductible; Tax ID No. 20-4626369. Donations are greatly appreciated and can be sent to the address above or please contact **Barb Coyne at 830-4655**. We thank you in advance for supporting the youth of our community who are our future and invite you to come and cheer on our local youth.
